

Ernest Street permanent traffic changes from Saturday 22 February, Cammeray

Warringah Freeway Upgrade

February 2025

Transport for NSW acknowledges the Cammeraygal people of the Eora nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

We are simplifying the Warringah Freeway, making it safer and easier to use, and more efficient and reliable for the benefit of all road users, including public transport users.

Upcoming traffic changes

As part of the Warringah Freeway Upgrade, there will be four key permanent traffic changes to the Ernest Street interchange. These changes will happen in stages. The first two changes will begin from 5am Saturday 22 February 2025.

Permanent northbound off ramp

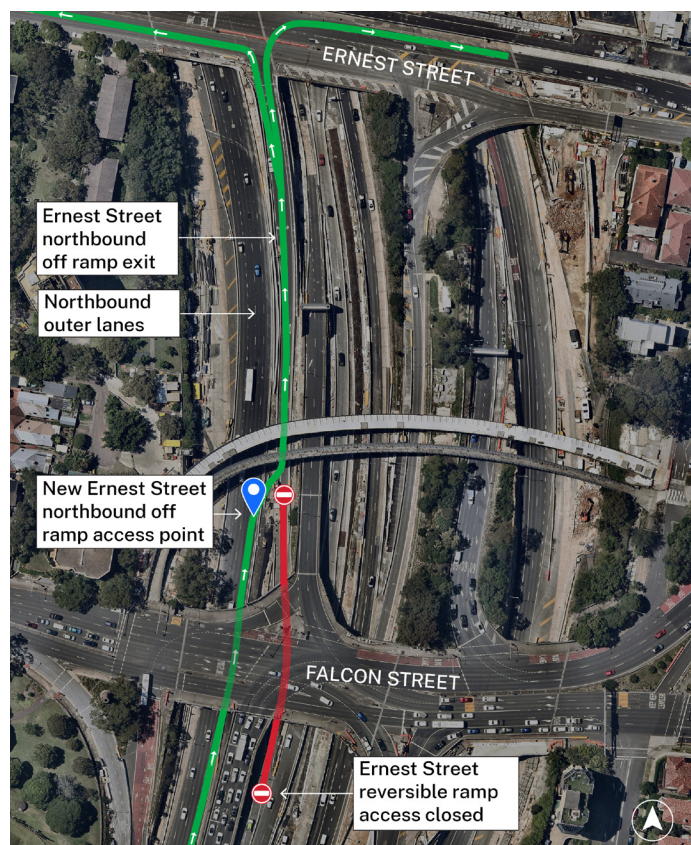

The Ernest Street northbound off ramp, will become a permanent northbound off ramp at all times. All southbound travel during morning peak hour will be via the eastern Ernest Street southbound on ramp.

How you access the off ramp will change

To get on the Ernest Street northbound off ramp, you will now need to be in the outer lanes of the Warringah Freeway. It will no longer be accessible from the inner lanes. **See Map 1.**

If you are driving north over the Sydney Harbour Bridge, you will need to be in lanes 2 or 3 to get into the outer lanes of the freeway to use the Ernest Street off ramp. **See Image 1** over page.

This change benefits those using the Sydney Harbour Tunnel northbound, as the tunnel exits into the outer lanes of the freeway in time for drivers to access the Ernest Street off ramp, if desired.

Map 1: Ernest Street freeway access from 5am Saturday 22 February 2025.

For more information, scan this QR code to watch our explainer video on these upcoming changes.

You will still be able to access both the Sydney Harbour Tunnel and Sydney Harbour Bridge from the Ernest Street southbound on ramp at this time.
