

# Upcoming work on Maitland Road, Hexham

## Hexham Straight Widening

February 2026

Transport for NSW acknowledges the Awabakal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are investing in the upgrade of the section of Maitland Road known as Hexham Straight, between Newcastle Inner City Bypass and Hexham Bridge.

Transport for NSW will be completing out of hours work in February for the safety of motorists and workers and to ensure work is carried out as efficiently as possible.

### What work are we doing?

Work includes:

- Final line-marking and landscaping
- Road furniture and signage installation
- Stormwater maintenance
- Asphalt and Finishing works

### When and where we'll be working

We'll be working on Maitland Road between the Newcastle Inner City Bypass and the Oak Precinct from **Sunday 1 February to Saturday 28 February 2026**. Normal working hours are between **7am** and **6pm** on **weekdays** and **8am** and **1pm** on **Saturdays**.

Out of hours work will happen at **night** between **7pm** and **7am** from **Sunday** to **Thursday** and we will be working on **Saturday** between **8am** to **5pm**.

### What will this mean for you?

You may notice:

- Workers and vehicles
- Lane closures and traffic control
- A temporary 40 km/h reduced speed limit during some activities
- A temporary reduced speed limit of 60km/h will remain in place through the work zone for the safety of motorists and workers
- Contra-flow arrangements will be in place during asphalt works. Motorists are advised to use alternative routes where possible or allow extra travel time with up to 15-minutes delay
- Noise from machinery and equipment.

Please keep to speed limits and follow the direction of traffic controllers and signs.

### Managing our impacts

The night work will involve the use of machinery which generates noise.

We will make every effort to minimise noise by completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Directly affected residents will be contacted and advised of the likely impact and what we are doing to minimise disruption during the work.

## Our night work schedule (weather permitting)

Activity	Duration
Adjustments to the northbound and southbound speed cameras, located north of Old Maitland Road	5 nights
Landscaping and maintenance including, topsoil preparation, tree planting, turf installation and hydroseeding from Newcastle Inner City Bypass to 700m north of Hexham Bridge	15 nights
<b><u>Asphalting works</u></b>	5 nights
Installation of permanent barriers from Old Maitland Road, Sandgate to Sparke Street	5 nights
Installation of final line marking, signage and traffic delineation markers from Newcastle Inner City Bypass to 700m north of Hexham bridge	15 nights
Stormwater maintenance between Sparke Street and the Oak Precinct	10 nights
Delivery of plant, equipment and materials between Newcastle Inner City Bypass and the Oak Precinct	As required
