

Construction notification

December 2022

## Water main connection

Construction activity is well underway at the Powerhouse Parramatta project site. The next phase of construction involves connecting pipework to the water main located on Phillip Street to supply water to the site.

### Key dates

12 – 16 December 2022  
(weather permitting)

### Location

Phillip Street, Parramatta

### Water main connection stages

Installing and commissioning new pipework required to supply water to the project site is scheduled from **Monday 12 to Friday 16 December** (weather permitting) in the following stages:

- Stage 1 – Excavate and expose existing water main on Phillip Street
- Stage 2 – Excavate trench across Phillip Street to project site
- Stage 3 – Install new pipework and connection to main
- Stage 4 – Reinstate the road.

These works will occur at night between 8pm to 4am under traffic control provisions, due to the requirement to work on Phillip Street and partially close the road to traffic.

### Health and safety

There is no expectation of excessive noise during the works.

At the completion of each stage, the work zone will be removed, and work areas protected to allow normal operation of Phillip Street during the day.

Strict environmental and planning controls are in place to manage noise, dust and vibration.

## Location of works
