

Construction notification

April 2024

Out of hour works – Phillip Street

Key dates

From Monday 8 April 2024 for 1 week (with 2 weeks contingency).

Location

Phillip Street, Parramatta

Construction activity is well underway at the Powerhouse Parramatta project site. Work is progressing and activity is required on the footpath of Phillip Street, adjacent to the intersection of Wilde Avenue, to enable water services into the site.

Out of hours work – Phillip Street

From **Monday 8 April for 1 week**, work will take place in the northern footpath of Phillip Street to continue the construction of a water main to provide water services to the new Powerhouse Parramatta. **Two contingency weeks from Monday 15 April will also be in place if work is unable to be completed due to unforeseen circumstances.**

Due to the work required on the footpath, these works will be completed outside of standard construction hours, between **7pm and 5am**.

Activity each night will involve hand tools to excavate a trench across the footpath and install and connect a new water main into the project site.

The footpath will be reinstated at the end of the work and water supply to surrounding properties will not be affected.

Traffic management

Pedestrian diversions will be implemented around the work area, and pedestrians will be directed by traffic control.

At the end of each shift, road plates will be installed on the footpath to allow for unimpeded pedestrian movement to resume in the day. Vehicle traffic will be maintained throughout the works.

Health and safety

All effort will be made to minimise noisy activities in Phillip Street, with a focus on completing noisier activities as early in each shift as possible.

Strict environmental and planning controls are in place to manage noise, dust and vibration.

Construction hours

These out of hours work will take place between 7pm and 5am, from Monday 8 April to Friday 12 April 2024. Two contingency weeks from Monday 15 April will be in place if the work is not able to be completed due to unforeseen circumstances.

All other construction activities will be carried out during the approved construction hours:

- Monday to Friday, 7am to 6pm
- Saturday, 8am to 5pm.
