

Construction notification

May 2022

Wilde Avenue service diversions

Construction activity is well underway at the Powerhouse Parramatta project site. The next phase of construction will involve stormwater services diversions on Wilde Avenue.

Stormwater services diversions are taking place from May for approximately two (2) months. This work will be carried out on the western side of Wilde Avenue at the intersection of Phillip Street.

Commencing with site hoarding adjustments, this work involves installation of temporary fencing and traffic barriers, excavation of a section of footpath and road and laying new stormwater pipes. The excavation works will generate some noise likely to be heard in the surrounding area.

From Monday 16 May 2022 (weather permitting), temporary fencing around the work zone is established and pedestrian diversions will be in place.

All works will be undertaken within approved construction hours. Strict environmental and planning controls are in place to manage noise, dust and vibration. The health, wellbeing and safety of the community and our workforce remains our top priority.

Pedestrian access changes

Temporary **pedestrian access** changes are required throughout this work. There will be restricted pedestrian access on the western footpath of Wilde Avenue due to temporary fencing installed to separate the work zone from the general public.

Appropriate diversion signage will be installed in various locations to manage alternative pedestrian routes throughout this period, including crossing at Victoria Road to access the eastern footpath of Wilde Avenue or using the staircase at Barry Wilde Bridge.

Vehicle traffic on Wilde Avenue will be managed through traffic controllers as required.

Construction hours

Our approved construction work hours are:

- Monday to Friday, 7am to 6pm
- Saturday, 8am to 1pm.

Any planned works outside of these hours will be communicated in advance.

Key dates

From 16 May 2022 (weather permitting)

Location

Wilde Avenue, Parramatta

Location of work zone

KEY

-  Project site
-  Wilde Avenue Stormwater Diversion
-  Stairs to footbridge underneath Wilde Avenue
-  No pedestrian access
-  Pedestrian diversion to footpath east of Wilde Avenue

We are moving online

Minimising our environmental impact and reducing unwanted mail is important to us.

To limit paper usage a 'digital first' approach for the distribution of communication material is being adopted.

Subscribe to receive the latest project news via email including construction updates or scan the QR code.

We understand digital access to information may not suit everyone. If you prefer to receive updates in your letter box, please email powerhouse@lendlease.com with your name and street address. Alternatively, phone 1800 574 931 to make these arrangements.
