

Upcoming weekend work and temporary traffic changes, North Sydney & Neutral Bay

Warringah Freeway Upgrade

June 2025

Transport for NSW acknowledges the Cammeraygal people of the Eora nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

We are simplifying the Warringah Freeway, making it safer and easier to use, and more efficient and reliable for the benefit of all road users, including public transport users.

In June 2025, we will be continuing consecutive weekend day and night work along the freeway and intersections in North Sydney and Neutral Bay, to speed up the work programme and reduce our overall impact to the surrounding community.

Please refer to the **map on page 2** and **table on page 3** for more information about the work areas and work activities taking place in June 2025.

Scan and plan

Scan the QR code to view our dedicated weekend work page and stay up to date with the latest information about our weekend work and temporary traffic changes. We will update this page regularly as we progress with any changes to the work, traffic arrangements and road closures.

Throughout the above weekends, multiple ramp and lane closures will be in place in North Sydney and Neutral Bay. Motorists are advised to expect delays, plan ahead and allow additional travel time.

Fast facts: Community benefits of working consecutive weekends

Improving construction productivity and ultimately shortening the time our project impacts the community.

Reducing the amount of overall noisy night shifts required by the project.

Reducing traffic impacts during peak periods by completing work when the traffic volumes are lower.

Where

Mount Street bridge, Mount Street underpass, Mount Street eastern ramp, Alfred Street North, Arthur Street and High Street intersection, High Street bridge, Berry Street, Miller and Falcon Street intersection, Warringah Freeway northbound and southbound lanes between Burton Street, Kirribilli and Falcon Street, North Sydney

When

10pm Friday 13 June to 6pm Sunday 15 June 2025

10pm Friday 20 June to 5am Monday 23 June 2025

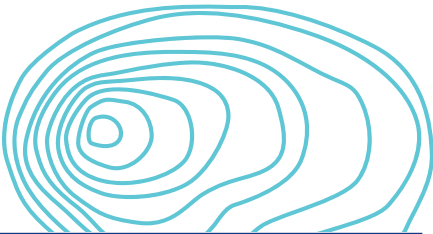

High noise impacts and potential vibrations are expected during the upcoming weekend work. The exact impacts will depend on the proximity of your property to the work area. High noise work includes saw-cutting, rock-breaking, hammering, piling, demolition, road pavement work.

What work are we doing?

Map: Night work activities from 10pm Friday 13 June to 6pm Sunday 15 June 2025, and from 10pm Friday 20 June to 5am Monday 23 June 2025.

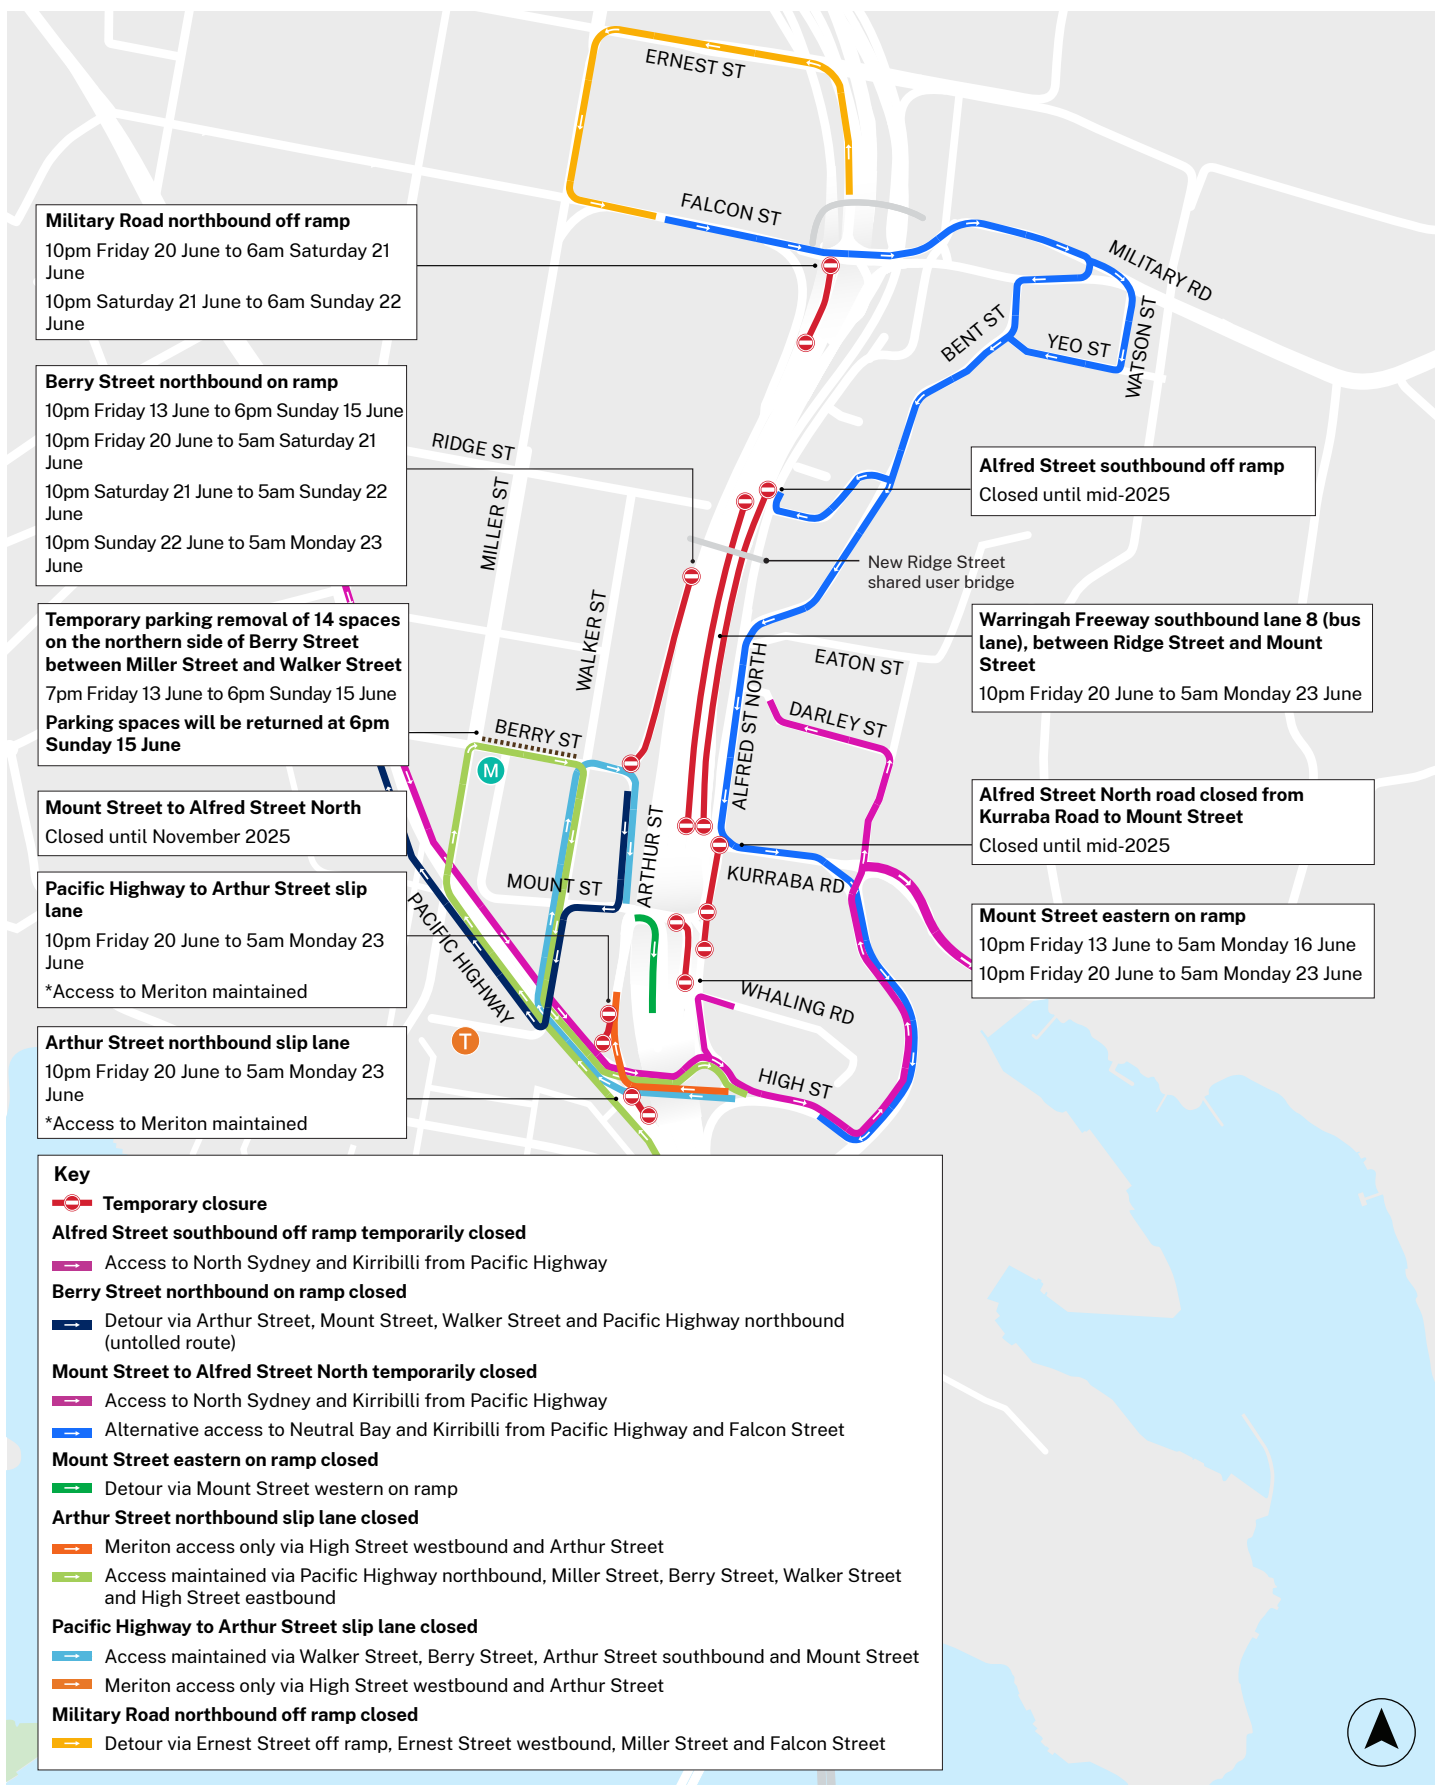

Area	Work location	Work activities	Time
	High Street and Arthur Street intersection	Pavement installation work including excavation, hammering, concrete installation, asphalt installation, existing linemarking removal, and new linemarking installation	10pm Friday 20 June to 5am Monday 23 June 2025
	Mount Street bridge, Mount Street retaining walls and underpass, and Mount Street eastern ramp	Pavement installation, sawcutting, excavating, backfilling, Intelligent Transport Systems (ITS) installation, streetlight work, barrier installation, median removal and installation, utility installation work, and drainage installation work	10pm Friday 13 June to 6pm Sunday 15 June 2025 10pm Friday 20 June to 5am Monday 23 June 2025
	Warringah Freeway southbound lanes, between Mount Street and High Street	Drainage installation work	10pm Friday 13 June to 6pm Sunday 15 June 2025 10pm Friday 20 June to 5am Monday 23 June 2025
	Berry Street	Excavating, concrete installation, pavement installation, barrier installation, and landscaping work	10pm Friday 13 June to 6pm Sunday 15 June 2025
	Warringah Freeway northbound lanes, between Burton Street and High Street	Pavement installation work, hammering, saw cutting, existing linemarking removal, barrier removal work, new linemarking installation, Intelligent Transport Systems (ITS) installation work, concrete installation, asphaltting, backfilling and compacting	10pm Friday 13 June to 6pm Sunday 15 June 2025 10pm Friday 20 June to 5am Monday 23 June 2025
	Warringah Freeway southbound lanes, between Berry Street and Ridge Street	Pavement removal and installation work, drainage installation work, saw cutting, concrete installation, and barrier installation work	10pm Friday 13 June to 6pm Sunday 15 June 2025 10pm Friday 20 June to 5am Monday 23 June 2025
	Warringah Freeway northbound lanes, between High Street and Ridge Street	Pavement installation work, hammering, saw cutting, existing linemarking removal, new linemarking installation, excavating, drainage installation, signage installation, Intelligent Transport Systems (ITS) installation work, asphaltting, and barrier installation work	10pm Friday 13 June to 6pm Sunday 15 June 2025 10pm Friday 20 June to 5am Monday 23 June 2025
	Warringah Freeway northbound and southbound lanes, between Lavender Street and Mount Street	Pavement installation work, concrete installation work, barrier installation work, asphalt installation, linemarking installation, drainage installation work, and Intelligent Transport Systems (ITS) gantry modification work	10pm Friday 20 June to 5am Monday 23 June 2025
	High Street bridge	Concrete installation work	10pm Friday 20 June to 6am Sunday 22 June 2025
	Warringah Freeway northbound lanes between Ridge Street and Falcon Street	Pavement installation, excavating, saw cutting, hammering, Intelligent Transport Systems (ITS) installation work, drainage installation work, asphalt removal and installation work, concrete installation, barrier installation, linemarking installation work, backfilling and compacting work	10pm Friday 20 June to 6am Sunday 22 June 2025
	Miller Street and Falcon Street intersection	Excavating, utility installation work, concrete installation, retaining wall work, hammering, backfilling and compacting	10pm Friday 20 June to 6am Sunday 22 June 2025
	Military Road northbound off ramp	Concrete installation for pavement widening work	10pm Friday 20 June to 6am Sunday 22 June 2025
	Falcon Street	Scaffold installation work including Traffic control Systems (TCS) cabling work	10pm Saturday 21 June to 6am Sunday 22 June 2025

Table: Night work activities from 10pm Friday 13 June to 6pm Sunday 15 June 2025, and from 10pm Friday 20 June to 5am Monday 23 June 2025.

Temporary traffic changes

Temporary traffic changes

Please note, the traffic arrangements shown on this map, including dates and times are subject to change depending on the weekend of work, and due to road network requirements and weather conditions. We will update the traffic changes once confirmed. Please always visit [LiveTraffic.com](https://www.livetraffic.com) for the latest information or scan the QR code.

Temporary footpath realignment along High Street east, North Sydney

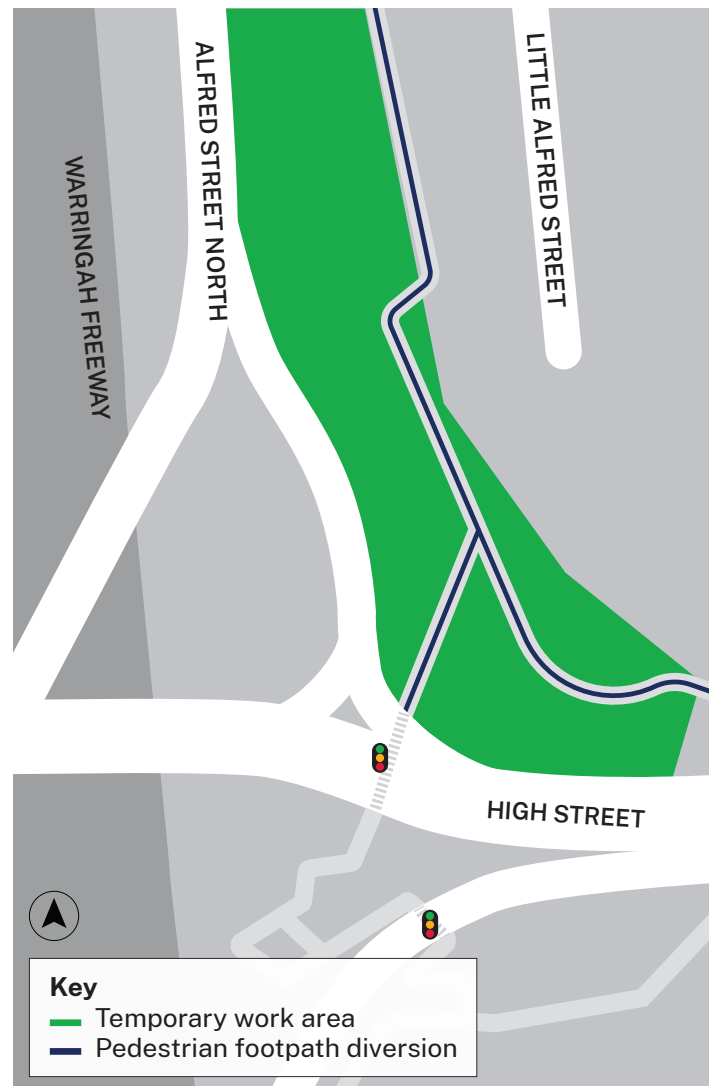

We are continuing with pavement installation work along High Street east, as part of our work to upgrade the High Street interchange to improve safety, connectivity, and efficiency in the North Sydney area.

On **Friday 20 June 2025**, we will be temporarily diverting pedestrians onto the temporary footpath alignment along High Street east, between Alfred Street North and High Street, North Sydney. The temporary footpath will be realigned to the east, with work areas on both sides. This temporary pedestrian diversion will allow us to complete pavement installation work on High Street east, North Sydney.

This change will be in place for approximately three months, weather and ground conditions permitting.

Additional footpath realignment and pedestrian diversion work will need to take place along High Street east, at a later stage. We will notify you in advance.

Traffic control and signage will be in place for the safety of pedestrians, cyclists and road users around our work areas. Please follow directions from traffic control at all times.

Map: High Street east temporary footpath realignment.

Managing our impacts and extended weekend work

Some of the work activities will require the use of machinery that generates noise, light, and vibration. We implement extensive controls to ensure any noise impacts are mitigated as much as possible.

To minimise the impact of this work we will:

- turn off machinery when not in use
- use acoustic blankets to minimise noise, where practicable
- direct temporary lighting down and away from properties
- fit equipment with devices to minimise noise, particularly non-tonal reversing beepers.

Our standard Environmental Protection Licence (EPL) conditions permit us to work up to three nights per week and up to ten nights per month, with no more than two consecutive nights of high noise work. We have been granted a temporarily altered EPL in instances where extended work shifts can provide benefits to the community, such as substantially reducing the duration of time it takes to complete a work activity, or when the work cannot be completed during single night work shifts.

The temporarily altered EPL condition allows us to work on consecutive noisy nights during extended weekend shifts usually from 10pm Friday until 4.30am Monday. The altered condition will continue to allow work on no more than ten nights per month in each work location.

During the extended work, we will make productive use of the lower traffic volumes to set up road closures and complete as much work as we can over the weekend, expediting the overall project work schedule.

If you have any comments you would like to provide on the planned work activities, or if you have personal circumstances you need to discuss with us, we would like to hear from you. You can contact us at **1800 931 189** or by emailing **whtbl@transport.nsw.gov.au**.
