

# Second Twin Arch Bridge

## Traffic change factsheet

### Acknowledgement of Country

Transport for NSW acknowledges the Gadigal, Wangal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

From 21 April 2024, westbound traffic will move to our newly opened second Twin Arch Bridge.

The two westbound lanes will be moved to our second Twin Arch Bridge. Once the project is complete, both bridges will be four lanes in each direction. As we make changes to how you move around the Airport Precinct, please travel with care, follow directional signs, maintain the required speed limit and plan your trip before travelling.

### What will change when you open the second Twin Arch Bridge?

Vehicles travelling towards the International Terminal will be directed over our second Twin Arch Bridge. There will be two lanes in each direction. There will be no change to the eastbound movements.

Freight travelling in both directions will access Sydney Airport international freight terminal from the New Link Road connection near the Twin Arch Bridges.

There is no change to eastbound travel towards the Domestic Terminals.

Tempe

Airport Drive

New Link Road

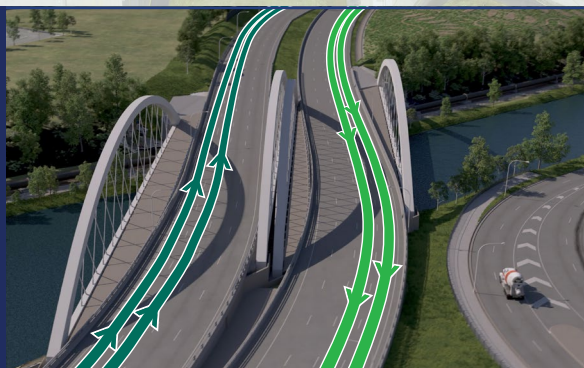

Alexandra Canal

Old Airport Drive

Mascot

Old Airport Drive will remain closed. Westbound traffic will continue on Airport Drive for connections to the International Terminal and towards Marsh Street.

As part of this traffic change the Twin Arch Bridges will carry two lanes of traffic in each direction. Construction activities will continue in the area in preparation for each bridge to become four lanes once the project is complete.

#### KEY

- Westbound traffic changes onto second Twin Arch Bridge
- Current eastbound lanes unchanged
- Route to enter and exit to the international freight terminal
- Old Airport Drive remains closed
- Twin Arch Bridges

## What other traffic changes will I see as part of Sydney Gateway?

This year we will also connect to the wider motorway network at the St Peters Interchange. Stay up to date by visiting our interactive portal or subscribing to updates.
