

International Terminal Connection

Traffic change factsheet

Acknowledgement of Country

Transport for NSW acknowledges the Gadigal, Wangal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

From 19 November 2023 you will be able to travel East on Sydney Gateway's new Twin Arch Bridge over Alexandra Canal in Tempe.

This is the first of two Twin Arch Bridges, with the second bridge ready for vehicles early next year. As we make changes to how you move around the Airport Precinct, please travel with care, follow directional signs, maintain the required speed limit and plan your trip before travelling.

What will change when the Twin Arch Bridge opens?

Vehicles going east, near the International Terminal, will be directed onto the new Twin Arch Bridge and the existing eastbound movement on Airport Drive will be removed. Westbound traffic movements will remain the same.

Freight travelling east to the Sydney Airport freight international terminal will go over the Twin Arch Bridge and use the new Link Road connection. Westbound traffic movements will remain the same.

One right turn lane provides access for eastbound vehicles to and from the international freight terminal. This will become two right turn lanes once complete.

Two lanes will be available on the first Twin Arch Bridge to carry eastbound traffic to Qantas Drive. The second Twin Arch Bridge will be ready for westbound vehicles next year, with each bridge carrying four lanes of traffic once complete.

Tempe

Two lanes will continue along the new road leading to Qantas Drive.

Under construction

Alexandra Canal

Airport Drive

Link Road

Sydney Airport International Terminal

← Marsh Street

There is no change to how you enter or leave the airport.

KEY

- Eastbound traffic changes to new alignment
- Route to enter and exit the international freight terminal
- Twin Arch Bridge
- Airport Drive eastbound closes 19 November
- Westbound Airport Drive unchanged

What other traffic changes will I see as part of Sydney Gateway?

Changes to travel around the Airport Precinct will happen in four key stages. Stay up to date by visiting our interactive portal or subscribing to updates.
